SouthEast|LinuxFest

LINUX IN THE GNU/SOUTH

FRI JUNE 11th – SU June 13th

Spartanburg Marriott
Spartanburg, SC

Whether you're a system administrator, a software developer, a web developer, a student, a teacher, a hobbyist, or just somebody who is curious about Linux and Open Source Software, the Southeast Linuxfest has something for you! SELF 2010 will feature BSDA Certification, Fedora Activity Day, UbuCon, Drupal Camp, tons of exhibitors spanning major open source businesses and major FLOSS communities, as well as over 40 speakers covering topics from encryption to security to community to MythTV to web development to desktops to servers and all things in between.

A Small Sample of the 40+ Speaker Lineup:

D. Richard Hipp
